INTRODUCTION

The information provided in this report is derived primarily from documents developed at the time the CFD was formed and from data provided by the Water District or accessed through the Water District. The information sources include the Rate and Method of apportionment, annual budget, debt service schedule(s), fund balance(s) and special tax/assessment delinquency data. The development status, prepayments and historical information were accessed through the Water District and/or the developer and are maintained by Willdan Financial Services.

The Mello-Roos Community Facilities Act (“Act”) of 1982 came about as a response to the lack of adequate financing for public capital facilities and services in the post-Proposition 13 era. State Legislators Mello and Roos sponsored this Bill, which was enacted into law by the California Legislature and is now Sections 53311 through 53368 of the California Government Code. The Act authorizes a local governmental agency, such as a school district or city, to form a Community Facilities District (“CFD”) or (“District”) within a defined set of boundaries for the purposes of providing public facilities and services. A CFD is formed for financing purposes only and is governed by the agency that formed it.

A. FORMATION

The CFD was established by the Murrieta County Water District (the “MCWD”) on March 3, 1988 with the adoption of Resolution No. 88-12. In 2005, MCWD was dissolved and incorporated into the territory of the Water District. Under Resolution No. 40-05, adopted by the Riverside Local Agency Formation Commission on August 25, 2005, the Water District assumed service over the territory of MCWD and also succeeded to all rights and duties of MCWD with respect to the CFD and all outstanding bonds issued in connection therewith.

B. BOUNDARIES AND DEVELOPMENT SUMMARY

The CFD is located in the City of Murrieta in southwestern Riverside County near the intersection of Interstate 15 and Interstate 215, approximately 30 miles south of the City of Corona and 5 miles north of the City of Temecula. The CFD contains over 2,100 acres which have essentially been developed as residential in nature, with approximately 2,243 developed parcels improved with single family homes and some commercial development, including a regional shopping center.

C. BONDS

Pursuant to the Fiscal Agent Agreement dated July 1, 2021, the 2021 Special Tax Refunding Bonds (the “Bonds”) were issued. The Bonds were issued to (i) refund the outstanding Series 2011 Special Tax Bonds (the “2011 Bonds”).

Pursuant to the Official Statement dated September 15, 2011, the 2011 Bonds were issued to (i) refund the outstanding Series 1996 and 2000 Special Tax Bonds (the Original Bonds”), (ii) provide additional funds for construction of water facilities authorized by the proceedings to form the CFD, (iii) fund a reserve fund, and (iv) pay certain costs of issuing the Original Bonds.

D. FINANCED FACILITIES

The CFD was originally formed to finance the construction and acquisition of certain water and wastewater improvements. The CFD Original Bonds were refunded under Western Municipal Water District and additional bonds were issued to finance part of the cost of improvements and modifications to the water collection and transmission system of the Water District serving the CFD, including the repair of wells proximate to the CFD.

\$2,931.72	2.21%	\$4,762.17	0.43%

FOR A MORE COMPREHENSIVE SUMMARY, PLEASE SEE EXHIBIT C OF THIS REPORT.

B. FORECLOSURE COVENANT

Pursuant to the Act, in the event any 88-1 Special Tax or installment thereof or any interest thereon is not paid when due, the Water District may order the institution of a Superior Court action to foreclose the lien, therefore. In such an action, the real property subject to the unpaid amount may be sold at judicial foreclosure sale. This foreclosure sale procedure is not mandatory under the Act.

Under the Fiscal Agent Agreement the Water District will on or about July 15 of each Fiscal Year, compare the amount of Special Taxes theretofore levied in the CFD to the amount of Special Tax Revenues theretofore received by the Water District.

If the Water District determines that any single parcel subject to the Special Tax in the CFD is delinquent in the payment of Special Taxes in the aggregate amount of \$2,500 or more, then the Water District shall send or cause to be sent a notice of delinquency (and a demand for immediate payment thereof) to the property owner within 45 days of such determination, and (if the delinquency remains uncured) foreclosure proceedings shall be commenced by the Water District within 90 days of such determination to the extent permissible under the County’s Teeter Plan program and applicable law.

If the Water District determines that (i) the total amount of delinquent Special Tax for the prior Fiscal Year for the CFD exceeds 5% of the total Special Tax due and payable for the prior Fiscal Year, or (ii) there are ten (10) or fewer owners of real property within the CFD, determined by reference to the latest available secured property tax roll of the County or other official records of the County, then the Water District shall notify or cause to be notified property owners who are then delinquent in the payment of Special Taxes (and demand immediate payment of the delinquency) within 45 days of such determination, and shall commence

foreclosure proceedings within 90 days of such determination against each parcel of land in the CFD with a Special Tax delinquency.

C. DELINQUENCY MANAGEMENT ACTIONS

There is no single property owner delinquent of \$2,500 or more and the total amount of delinquencies in the CFD for the prior Fiscal Year does not exceed five percent (5%) of the Special Tax due for the prior Fiscal Year. However, Willdan Financial Services has taken the initial steps toward foreclosure proceedings or reducing delinquencies by performing the following Delinquency Management Actions since July 1, 2021.

Action(s)	Date Performed	Number of Parcels
Reminder Letter	March 2, 2022	5
Demand Letter	March 2, 2022	14
Reminder Letter	June 13, 2022	3
Demand Letter	June 13, 2022	8

IV. SPECIAL TAX LEVY AND METHOD OF APPORTIONMENT

The methodology employed to calculate and apportion the special tax is in accordance with the document entitled Rate and Method of Apportionment (“RMA”). The RMA is hereby referenced and summarized but not included in this report, however the official document can be requested and provided by the Water District’s special tax administrator Willdan Financial Services.

A. RATE AND METHOD OF APPORTIONMENT

Pursuant to the Rate of Method of Apportionment, commencing with Fiscal Year 1988/89 and for each following fiscal year, the Council shall determine the amount of funds needed to pay for the interest and principal of the Bonds and administrative costs of the CFD (the “Special Tax Requirement”) and shall levy the Special Tax until the total Special Tax levy equals the Special Tax Requirement. *(FOR DETAILED INFORMATION OF THE SPECIAL TAX REQUIREMENT, PLEASE REFER TO SECTION (II) FINANCIAL OBLIGATIONS ABOVE).*

The New Development Special Tax shall be levied on each Assessor’s Parcel of “Newly Developed Property” up to 100% of the applicable Assigned Special Tax. “Newly Developed Property” is defined by the Rate and Method of Apportionment as all property within CFD No. 88-1 for which a certificate of occupancy (or other similar permit or certificate which is in the nature of a certificate of occupancy in

that it certifies that a structure has been given a final inspection and/or is suitable and capable of being utilized for its intended purpose) is issued after July 1, 1988.

In the event that the levy of the New Development Special Tax does not provide adequate funds to pay for the Special Tax Requirement all Assessor's Parcels in the CFD for which a Certificate of Occupancy is issued on or prior to July 1, 1988 shall be subject to the Alternative Special Tax.
