

On Tap Fall 2024

Western Water news, info and tips

THE VALUE OF WESTERN WATER WORKING TO DELIVER DAILY VALUE

Access to clean, safe water is the foundation of our health, economy, and daily lives. While water covers 71% of the Earth's surface, ensuring that it reaches your tap in a safe and reliable manner takes significant resources, expertise, and investment. Get an inside look at how we consistently deliver exceptional value to our customers by tackling these challenges head-on.

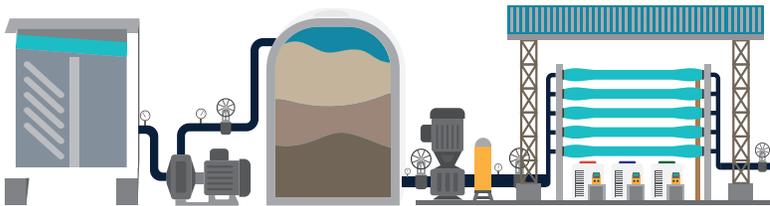

EXCEPTIONAL SERVICE

More than 160 highly skilled professionals are dedicated to ensuring the reliable, efficient, and safe delivery of water and management of wastewater.

EFFICIENT WATER AND WASTEWATER MANAGEMENT

Western Water provides the essential services our community needs to maintain access to clean, safe, water.

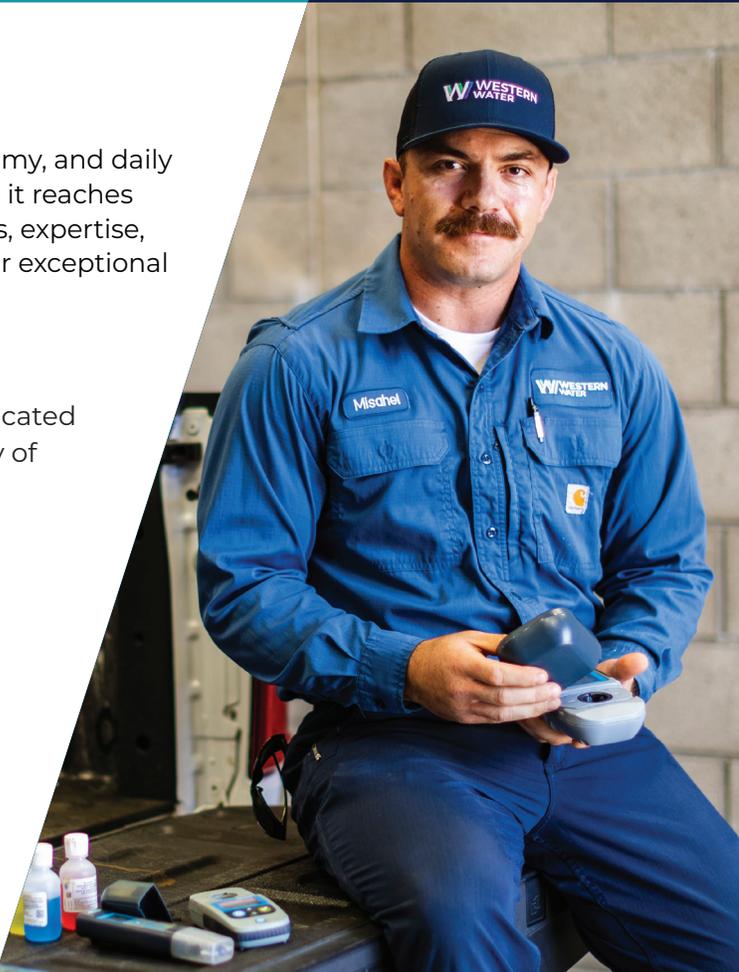

INVESTING IN INFRASTRUCTURE

We consistently invest in partnerships and infrastructure to increase local water supplies and decrease our reliance on more costly imported water.

ENSURING RELIABLE WATER SERVICE, RAIN OR SHINE

Our commitment goes beyond delivering water. This is why we are working every day to ensure uninterrupted water flow to your home and our community, no matter the conditions. Every drop of water represents our commitment and dedication to high quality service and a promise of innovation for generations to come.

MAKING WATER A TOP PRIORITY

California's economic, housing, and job growth depends on reliable water. At Western Water, we advocate for prioritizing water issues at state and federal levels so our communities can thrive.

LEADING THE WAY IN SUSTAINABILITY AND INNOVATION

Western Water and our partners are at the forefront of developing innovative and sustainable treatment processes, all while keeping costs low and protecting the environment.

TRANSFORM THIRSTY TURF INTO BEAUTIFUL, WATER-WISE LANDSCAPES

As summer's heat fades and fall arrives, it's the perfect time to adjust your irrigation system for the changing season. Don't forget to turn off your irrigation system for up to two weeks after heavy rainfall.

For tips on optimizing your landscape, visit [WesternWaterCA.gov/LandscapeStyleGuide](https://www.westernwaterca.gov/LandscapeStyleGuide) to find your perfect design.

PROVIDING VALUABLE RESOURCES FOR OUR CUSTOMERS

WESTERN WATER OFFERS A WIDE MENU OF HELPFUL RESOURCES AND REBATES FOR OUR CUSTOMERS, INCLUDING:

Free landscape efficiency surveys.

Complimentary educational classes.

Expert advice from our highly trained staff.

Rebates for high-efficiency appliances, including toilets, clothes washers, weather-based irrigation controllers, and sprinkler nozzles. Go to [WesternWaterCA.gov/Rebates](https://www.westernwaterca.gov/Rebates) to apply now.
