

## SEWER RATES

### RESIDENTIAL CUSTOMERS

The rates for residential customers are based on an equivalent dwelling unit (EDU). One EDU is the quantity of sewage an average single-family residential customer contributes to the sewer system. Each residential home is assigned one EDU.

### COMMERCIAL CUSTOMERS

Commercial customers are assigned EDUs based on their expected peak sewage flows relative to an average single-family residential customer. The EDU amounts for commercial, industrial, and institutional customers can be found on the customer’s billing statement.

		Effective with sewer service billed on or after:			
	CURRENT	07/01/25	07/01/26	07/01/27	07/01/28
<b>Western Water Recycling Facility Sewer Rate (Rate per EDU, per month)</b>					
<b>Residential/ Commercial</b>	\$58.37	\$62.28	\$66.46	\$70.92	\$75.67
<b>Residential with Maintenance*</b>	\$63.37	\$67.28	\$71.46	\$75.92	\$80.67

*\*Certain residential properties in Tracts 20782 and 28956 have private sewer pipelines that are maintained by Western Water pursuant to a written agreement with the original property developer. The \$5.00 maintenance charge is an agreed upon term and is not subject to Proposition 218, and is reflected in this table for the convenience of the property owners.*

### UNDERSTANDING YOUR WATER BILL

Western Water’s rate structure for water service includes variable and fixed charges. Learn more about your water bill by visiting:
